

As we strive to keep our campers and staff healthy for their camp experience this summer, we are implementing additional screening measures. Please fill out the questionnaire for your camper ON THEIR CAMP START DAY, and be prepared to hand your completed form to the staff member who will be doing temperature screenings as you drive in. Camper temperatures will be taken while you are in your car.

Any camper with a temperature of  $\geq 100.4$  will not be permitted to stay. In addition, any camper who checks 'yes' for question one, or anything other than 'none of the above' for question two, will not be permitted to stay. A 'yes' answer to question #3 will require explanation.

Temperatures will also be checked later in the day on registration day (6-8 hours after arrival). Any camper found to have a temperature of 100.4 or greater will be sent home.

1) Has your child been within 6 feet of a person with a lab-confirmed case of COVID-19 for at least 5 minutes, or had direct contact with their mucus or saliva, in the past 14 days?

- Yes       No

2) In the last 48 hours, has your child had any of the following NEW symptoms? Check all that apply.

- Fever of 100.4 F or above, or possible fever symptoms like alternating chills and sweating
- Cough
- Trouble breathing, shortness of breath or severe wheezing
- Chills or repeated shaking with chills
- Muscle aches
- Sore throat
- Loss of smell or taste, or a change in taste
- Nausea, vomiting or diarrhea
- Headache
- None of the above

3) Has your child received fever reducing medication within the past 24 hours?

- Yes       No

By signing this document, I agree that all the above information is true and accurate.
